The Meadows Community Association

On-street Parking Agreement

Thank you for notifying the MCA of a planned event at or near your residence, which may require parking on an MCA street. Parking for events is not normally allowed on these streets. However, realizing space could be limited at times, the MCA will permit parking within certain guidelines—namely, vehicles must be parked facing in the direction of traffic and only on one side of the street with tires in or close to the curb. Reflective cones should mark the designated area and **"No Parking"** signs may be required by the MCA to be placed on the opposite side of the street. These signs can be obtained from the MCA. Please call the MCA Operation Services Administrator at 941-377-2300.
